

Help when you need it,  
anytime, anywhere, for anyone

Community Care Tasmania provides quality home care to all Tasmanians. We have been doing this for over 25 years during which we have evolved from a specialised multi-cultural care service to one which serves the broader community. We know that all Tasmanians can choose us with confidence.

One thing that has never changed is our commitment to excellence in home care services like Dial an Angel.

We employ a range of angels of different age, sex and nationalities, to ensure we have just the right person to meet your needs.

Our Angels are dedicated, empathetic, caring and supportive, and are ready and willing to help anyone who needs assistance.

Remember Dial an Angel is a service for everyone. Young, old, working, retired, born here or migrant it doesn't matter. It is the best solution for meeting the needs of people who are not eligible for government support.

Community Care Tasmania (formerly Community Care NESB), is a local not-for-profit service delivering the highest quality home-based care services in our community. We are proud to be a truly Tasmanian service.
