

## **Self-Funded Home Care – the Dial an Angel Service**

### **What is it?**

**Community Care TASMANIA's** Dial an Angel Service is a state wide self-funded home care service available to everybody irrespective of circumstances or time.

Maybe you just need a one-off service, short or long-term assistance at home?

Maybe a cleaner, a gardener, a nurse, help with the shopping or just someone to do odd jobs around the home?

Obtaining this service is easy.

- There are NO hoops to jump through
- NO financial information or assessment is required.

These services can also be added to any CHSP services or a home care package

It is particularly suited to people who are either not eligible for a government subsidy or simply waiting for government subsidised home care services to begin. You can purchase Dial an Angel services in the meantime. In some cases these services may be the best long term option as per this real-life example.

*Mr G of Launceston thought that residential care was his only option after two serious medical events. However, after being introduced to the Dial an Angel concept he was able purchase exactly what he needed to ensure his safety and comfort at home Mr G was eventually granted a level 2 home care package. He now uses a combination of his package services and Dial an Angel. He has the familiarity of living at home and it is considerably cheaper than residential care.*

*And P.S. He gets to keep his cat!*
