

Community Care TASMANIA

CHSP Newsletter

June 2021

Hi everyone

I hope this newsletter finds everyone well and warm, now that winter is officially upon us! We know things are pretty good in the world when we can report on babies soon to arrive in our midst. However, while we are all truly delighted and excited that three of our office staff will shortly go on maternity leave to enjoy and navigate the challenges of being first-time mothers, on a purely selfish note, we also know they will be missed, and we will also have to juggle personnel and workloads to replace them in their absence.

As we have a number of important enclosures being sent out with this month's account, we have made this a short newsletter. The first enclosure is a letter advising you that the CCT office will be closed from 12.30-4.30 on 23 June as all but a skeleton staff will be attending a Training and Strategic Planning Day. It is always vital for organisations to bring staff together to collectively discuss future directions and procedures so that everyone is clear about what is happening and who is doing what, and what responsibilities and actions each team member will incorporate into their day-to-day work. The office will be open as normal from 8.30am on the 24 June 2021.

Enclosed with this month's account you will find an invitation to either renew or become a member of Community Care TASMANIA. Please remember, CCT is 'owned' by its members, and the more financial members we have the better we demonstrate CCT's stakeholder engagement and regard in our community. Last year when CCT turned 30 we had a wonderful take-up of membership, and for the minimal outlay of \$5.00, we encourage you to please join or re-join as a financial member this year. A reply-paid self-addressed envelope is also enclosed to make joining as a member as simple as possible.

Thank you and best wishes,

A handwritten signature in black ink that reads 'Wendy Mitchell'.

Book Royalties for MND

While going dancing is Dave Brelsford's preferred pursuit, he is equally passionate about writing short stories. Dave has been writing stories most of his life, except when children and mortgages intervened.

Now retired, Dave has found more time to pursue his writing and he has just published a book of short stories entitled *Hot Chocolate*, the title of one of his short stories about a horse called *Hot Chocolate*.

After working with a person who died from Motor Neurone Disease (MND) –within 18 months of their diagnosis, Dave has made raising funds for MND 'his charity', and all royalties from the sale of the book go to MND. He has also done some runs to raise funds for MND. So if you want a good read and support a good cause, you can purchase a copy of *Hot Chocolate* for \$10.00 directly from Dave.

You can contact Dave on:

P: 03 6330 2960, or his wife, Anne, on 0402 582 402
