

Make a difference to someone's well-being

You can make a positive difference in the life of an elderly resident living in an Aged Care Facility. Just by volunteering your friendship on a regular weekly or fortnightly visit, you can enrich both your own and someone else's day.

All it takes is an hour of your time. It's that easy!

Would you like to help brighten up someone's day ?

Putting your care first

Community Visitors Scheme

An Australian Government Initiative

*Proudly auspiced by Community Care
TASMANIA since 1996*

Overview: The Community Visitors Scheme (CVS) has more than 11,000 CVS volunteers nationwide. The CVS program auspiced by Community Care TASMANIA is funded for 47 volunteers.

CVS volunteers are caring men and women from diverse backgrounds who want to help someone and be able to give back to their community in a tangible way.

Friends for older people

What do CVS Volunteers do? CVS Volunteers make regular face-to-face visits weekly or fortnightly to socially isolated residents in aged care facilities who don't have regular visits from family or friends.

What do I need to do to become a volunteer?

There are a few simple steps required to become a community visitor. They include:

- an interview
- applying for a National Police Check
- attending a short orientation training session and
- an undertaking to follow policies

For more information about the CVS, please contact:

Susan Aykut
Community Visitors Scheme Co-ordinator
