We help you to remain living independently at home.

As a truly Tasmanian not-for-profit organisation we know our local community and how we can deliver the best support to build and maintain your independence. This means you can spend more time getting out and about doing the things you enjoy.

Community Care TASMANIA is a multi-award winning specialist in-home care provider across Tasmania. We exist to provide excellent individualised services that allow our clients to enjoy richness and a quality of life; age with dignity and respect; and live safely in their own home.

Our local team are experts in coordinating and delivering individual support and care services, including all your personal, social and community needs.

If you receive a letter saying you are assigned a Home Care Package you need to contact a service provider such as Community Care TASMANIA who can help you plan a budget and make suggestions about the best services to suit your needs.
