## Community Care Tasmania are a Temporary Transformation Payment provider

### What is the TTP (Temporary Transformation Payment) for NDIS Service Providers?

In the NDIS Price List (Support Catalogue), TTP stands for Temporary Transition Payment. This payment is available to support providers (personal care and community access). This is a conditional loading (increase in prices that can be charged) to help providers with any costs transitioning to the NDIS. This support **replaces the TPO Payment** (Temporary Support for Overheads).

#### Where can I find more information about TTP?

Information about the TTP Payment can be found in the [NDIS Price Guide](#) (renamed NDIS Pricing Arrangements and Price Limits)

Supports are charged according to the current NDIS Price limits, and may alter in conjunction with NDIA updated price limits. Please refer to table below for current pricing arrangements for service delivery with Community Care Tasmania
